Product Description
In this fast-paced modern era, more and more people have a certain pursuit of quality of life. The Home Spa towels have undergone a series of improvements to meet the needs. This towel can bring the same comfortable feeling as a professional spa center, whether it's a package after rain or a thoughtful care in the rain.
Our material is selected from top-quality Xinjiang Aksu long staple cotton, which can be called "white gold in cotton" along with Egyptian cotton. Its fiber length is over 35mm, and its flexibility and elasticity are very good, so the towels woven will be more durable, not shedding hair, and have better breathability.
In terms of process design, by using high-density weaving method and scientific fibers in parallel, the water absorption capacity can reach more than twice that of ordinary towels. After use, it can still maintain freshness, reduce bacterial growth, and keep health by your side. We also use untwisted spinning technology, repeatedly winding cotton fibers together with water-soluble vinylon. After washing with water, the vinylon dissolves, making the cotton fibers more fluffy. The two ends of the towel are designed with thickened satin stops (Dobby), which not only allows the brand logo to be printed here to increase brand promotion, but also greatly increases the service life of the towel, avoiding wear and tear on both ends after long-term use and greatly reducing operating costs.
Every home spa towel produced by our factory undergoes multiple quality inspections such as manual selection and weighing. Defective products are promptly removed, and when they reach your hands, they are the best of the best. We have a mature and stable supply chain, and our production capacity is also very sufficient, which can fully meet your needs. We can help you build your own brand, and if there is an opportunity, we warmly welcome you to come and explore the factory.

Product name	Home spa towels
Material	100% cotton/customzied fabric
Pattern	Plain/satin/sateen/stripe/jacquard
Packing	opp bags+ cartons, or as the requirements of customers
Sample Delivery	3-5days for approval sample of plain color.
